Don't ever think it's passed you by
You can change it all in the blink of an eye
And when they say they don't understand
You've got the power right there in your hand
And you don't have to walk on Broadway
You can be just who you are
Cos we all got our own way

Chorus

We can make if we all try

If we hold on we can get there in the end

We can make it if we all try

Cos when it's gone your gonna need an old friend

Sometimes we think that life's unfair
Never get the breaks and no-one cares
But don't you let it get you don
Stand upon that mountain, take a look around
And you don't have to walk on Broadway

Chorus

Don't ever walk away
When you think it's right
Don't ever walk away
Stay here and fight

The roads not always what it seems

Long and twisted, back-streets of broken dreams

But a journey we have to take

A sacrifice we all gotta make

And you don't have to walk on Broadway

Chorus
