## **Any Second Now**

## Depeche Mode

She remembered all the shadows and the doubts, the same film Vivid pictures like a wall that's standing empty and the night so

still

Such a small affair, a relapse, someone closing like the nightc lub

door

Here again and when you speak, I watch you move away and seem s o sure

She is hoping to forget and the moment almost slips away When the colours move apart and I wonder if you want to stay

And I need to change you like the words I'm reading, don't you understand

This the warning and the message, I remember as you touch my hand
