## **Depeche Mode**

Get the feeling, head is reeling
You think you're in control but you don't know me babe
I can move you, I can soothe you
I can take you places in a different way

And I don't think you understand What I'm trying to say
I'll be your operator baby
I'm in control

Watch your action, close reaction And everything you're thinking babe inside your head Conversation, my creation Nothing that you do you do unless I said

And you don't know the consequences Of the things you say I'll be your operator baby I'm in control

All the things you tried to do babe And all the words we've said before Are only part of what I started baby And you can't stop me anymore

Get the feeling, head is reeling
You think you're in control but you don't know me babe
I can move you, I can soothe you
I can take you places in a different way

And I don't think you understand What I'm trying to say
I'll be your operator baby
I'm in control
