

# The Landscape Is Changing

Depeche Mode

The landscape is changing, the landscape is crying  
Thousand of acres of forest are dying  
Carbon copies from the hills above the forestline  
Acid streams are flowing ill across the countryside

'Cause I don't care if you're going nowhere  
Just take good care of the world  
I don't care if you're going nowhere  
Just take good care of the world

Now we're rearranging there's no use denying  
Mountains and valleys can't you hear them sighing?  
Evolution, the solution, almost certainty  
Can you imagine this intrusion of their privacy?

'Cause I don't care if you're going nowhere  
Just take good care of the world  
I don't care if you're going nowhere  
Just take good care of the world

Token gestures, some semblance of intelligence  
Can we be blamed for the security of ignorance

'Cause I don't care if you're going nowhere  
Just take good care of the world  
I don't care if you're going nowhere  
Just take good care of the world
