

Where I've Begun

Depswa

i'm giving to myself most of the time
i don't need no one else to bring me down
and i don't want to hurt no one
but i'm still where i've begun
where i've begun
where i've begun

when will i feel myself again (where i've begun)
when will i feel more than less upon (where i've begun)
when will i feel myself again (where i've begun)
when will i feel more than less upon
where i've begun

time tease the day control of room
but i don't mind if some i've ever seen
and i don't want to hurt no one
but i'm still where i've begun
where i've begun
where i've begun

when will i feel myself again (where i've begun)
when will i feel more than less upon (where i've begun)
when will i feel myself again (where i've begun)
when will i feel more than less upon
where i've begun
where i've begun
where i've begun
where i've begun

(where i've begun)
(where i've begun)
where i've begun

when will i feel myself again (where i've begun)
when will i feel more than less upon (where i've begun)
when will i feel myself again (where i've begun)
when will i feel more than less upon
where i've begun
where i've begun
where i've begun
where i've begun
