

She Don't Care

Descendents

I get up every morning and
Make her coffee like I've always done
She won't look in my eyes
What has our love become?

Tried talking about it
We talk around it
And never get nowhere
I gave her everything I got
And she don't care
She don't care
No she don't

Ten years before I recognized the sacrifice
She made to be with me
Said when you want you can leave

It's easy to make promises
While you're dumb in love
Watch them all evaporate
Because she's had enough

Tried talking about it
We talk around it
And never get nowhere
I gave her everything I got

She made up her mind
I lost my wife my lover
My best friend
And I don't think
I'll ever be right again

It's easy to make promises
While you're dumb in love
Watch them all evaporate
Because she's had enough

Tried talking about it
We talk around it
And never get nowhere and
I'm lonelier than you know
She don't care
