

## Little Arithmetics

dEUS

Into temptation, over in doubt  
Black night, neonlight into my house  
talking talking talking about  
Out of frustration, over in doubt

Hold me now, I'm hoping that you can explain  
Little Arithmetics  
Got me down, they're fooling me again and again  
Little Arithmetics  
Got me down

Sometimes I feel like going down south Sometimes I'm feeling al  
right  
Sometimes I feel like I'm over and out Sometimes I'm losing my  
mind  
Talking talking talking about Sometimes the day is the night  
Into temptation, over in doubt Sometimes I don't want to fight

Hold me now,  
I'm hoping that you can explain  
Little Arithmetics  
Got me down, they're fooling me again and again  
Little Arithmetics  
Got me down
