

## Nine Threads

dEUS

Stone go slow,  
Find the right moment to stop the show  
The nighttime gets weary of implications afterglow.  
Thinking: "Easy come, easy go"  
You got here too late, it's often so.

I guess that's why  
I hope I get old before I die  
Admit it turned out okay for someone who didn't try.  
Thinking it's time to get a hold  
You got here too late, it's always so.

It's always so  
So. (3 times)
