

# The Way You Do

Devil Doll

No one makes me feel the way you do  
No one lays me down the way you do  
I got a bit more curl in my heel when you get through  
And the way you keep your eyes on mine until we're through.

I said no one makes me feel the way you do  
Just name the time and place and I'll meet you  
I can't get that kind of loving where I'm from  
Cause this is how with you my bell was rung.

I said come on baby and show me how it's done  
Say my name and tell me I'm the one  
And since your loving I ain't been the same  
Make me want to wear a ring and forget my name

I can't keep my mind away from you  
No matter what I do, I think of you  
And when I look at your picture I start to sweat  
And when you touch me, baby, I get so wet.

I need a little bit of sugar in my bowl  
And when you dit your spoon it just feels so  
You've got this way of bringing out my best.  
Baby let's get dressed up and make a mess.

All this and more I'd do for you,  
I'd jump right on a plane just to see you,  
My legs are crossed until we meet again,  
You're my lover, don't want another,  
You're my hero, my best friend.
