

Devil's Son

DevilDriver

Fire

I am the one, I am the one that you need
I am the one, I am the one that you need
I am the one, I am the one

The Devil's son has just begun
To shine, to shine

I am the one to do the deed, I am
I am the one to do the deed
I am the one to do the deed
I am the one

I am the one, I am the one that you need
I am the one, I am the one Two
I am the one, I am the one
I am the one

The Devil's son has just begun
To shine, to shine, to shine

What's left unsaid
Yeah things come around
This is the one this is

This is the one this is

The Devil's son has just begun
To shine, to shine, to shine
