

## Contempt

Devilyn

Lonely red cross  
Submerged in the scarlet darkness  
By the base two naked bodies  
Kept without move, like statues  
In pose full of perversion, silent, dead?

My children, my screams are getting silent  
It horrible beauty of your end  
Sating my hate, it's my food  
Cyclones of extreme feelings, destruction  
Will slowly lick up your fear

I'm looking on the scene beside the cross  
Pain is the past, time doesn't exist,  
Immovable bodies before, are begining they dance  
Incomprehensible pose, hypnotic moves  
I'm smiling, I see harassment of a corpse on the cross

To step back, to forget, to don't think  
It's not a dream, not reality  
Hate and his desire - like a hunger  
Touch me and I'll push you to the abyss  
You are going to sink in the liquid river of lava

Immoral, unethical, empty laugh  
Rises and sweeps over me  
Theatre of the naked truth shadows  
Immovable bodies, corpses  
Dead body's love, awful perversion  
Red lonely cross, dead silence
