

Angel

Devin Townsend Project

My angel!

Cry from under, cry in time.
Say on and on hard enough.

Save my heart tomorrow.
Save my heart tomorrow.
Save my heart tomorrow.
Save my heart tomorrow.

I'll...

Save my heart tomorrow.
I'll save my heart tomorrow.
Save my heart tomorrow.
Save my heart tomorrow.

Oh in you, love it goes away...
I'll wait through the hardest kind of pain!

Cry from under, cry in time.
Say on and on hard enough.

Save my heart tomorrow...
Save my heart tomorrow...

Holding you, love it goes astray...
I went through the hardest kind of pain, my angel...

Say on and on hard enough!

So you will know by the light, your hands and all that they write.
Take comfort in knowing your fears are gone...
...Fears be gone, I believe in love!

And...

Everyone into forever, everything a part of me,
Dancing all into whenever...
Effervescent quality!
