

# Forever

Devin Townsend Project

Dreams of pain, never wanna know  
Everybody talks and you're on your own  
Would you be OK if you're left alone forever?

But it ain't no way for a boy to grow  
You'll never take a break when you're on a roll  
And all that time you'll never know forever

In this life we've grown a little  
In this life we've lived a little  
So they say

...so they say

So on that way that you've gotta go  
Your eyes were always on the door  
And everybody thought that you'd won the war...

In this life I've grown a little  
In this life I've lived a little

So they say...

God I love you  
I won't let you down,  
God I love you

Goodbye.
