

# Grace

## Devin Townsend Project

We know that it's only human  
We know that it's only love  
We know that its far too close to home  
To see it now

Love all we can before  
We learn all we came for  
Learn all we can before  
The road leads to home

Grace, grace, grace, grace

High road warning  
High road warning

Grace, grace, grace, grace

High road warning  
High road warning

Laugh, love, live, learn  
Laugh, love, live, learn

Eternal I, eternal I, eternal I, I, I, I

My child tells me  
We are the fallen men  
My child tells me  
We are the fallen men

Laugh, love, live, learn  
Laugh, love, live, learn

Oh my god

Grace, grace, grace, grace

Never fear love  
(High)  
Never fear love  
(Road)  
Never fear love  
(Warning)

Never fear love  
(High)  
Never fear love  
(Road)  
Never fear love  
(Warning)

We know that it's only human  
We know that it's only love  
Love, love, love, love, love, love, love  
Love all we can

I know the way and you know the way

We all fall down if we fear love

Never fear love

Never fear love

Never fear love

(Warning)

Never fear love

Never fear love

Never fear love

(Warning)
