

# The Way Home!

Devin Townsend

The way home  
Lined with all the things that you have learned.  
The way home...  
The lights are on, but we're still getting burned.  
Show to me,  
The way I found the grey lines honed.  
So hollow now... show's over now...  
The way I'm lighting all the faces you have turned.  
The way is high.  
Glad to know the greatest thing I knew... I always knew.  
So hollow now...  
Show's over now...  
And I've wasted time on daylight...  
I won't be knocked down, show the way.  
(I've only time now)  
So hollow now...  
Show's over now...  
And I've wasted time on daylight...  
I won't be shown the way home.
