

## Inwards

### Dew-Scented

I've tried it twice but all in vain  
I've seen it come but far too late  
Sometimes it's easier to swallow pain as pain

Inwards  
Lifeless  
A bitter soul in shades

Unbroken chains  
Again and again

This fear I can not hide  
Inwards  
It's inside

Here I go again with blinded sight  
Into my universe of time  
Inner higher praise of spiritual decay  
Terminal state of confusion  
Yes, I know, I'm hard to penetrate

I won't complain  
It's my own perception  
And I need to fucking lie for one more day...
