

Gomorrha of the Plains

Dezperadoz

reflections of a damned
by fiendish symptoms send
sarcastic roars of laughter
from far away it sounded

the rulers of eternal suppression
awaking from their hibernation
plundering and subjugation
bloodtrails... gomorrah of the plains

no worthy penalty
never met their destiny
who'll take the part of catching hands
to get this scabby jacks

the rulers of eternal suppression
awaking from their hibernation
plundering and subjugation
bloodtrails... gomorrah of the plains

reflections of a damned
by fiendish symptoms send
sarcastic roars of laughter
from far away it sounded

the rulers of eternal suppression
awaking from their hibernation
plundering and subjugation
bloodtrails... gomorrah of the plains
