

# Unkept Promises

DGM

Un-spoken words, un-kept promises  
This is what a man should do in his life  
Un-broken alliance, still on and on and on

We just don't know, time after time  
Lost in this world

I'll find a reason why  
To live in perfect harmony with you my shining star, side by side  
Together we will fight  
Together we'll survive  
To millions battle just to testify our love

Who will be the next today  
To forget the lesson learned in wasted years long long time ago  
It's been a shame, it's been so fake  
To be prisoners of ourself

We just don't know, time after time  
Lost in this world

Story will tell, who will be wise  
And who will survive  
Caught in this world  
Caught through this lies  
Breaking this chains to be alive
