

Blackheart

Diablo

The pride is surrounding me
Seducing me
Holding me
Altering my perception of reality
What's wrong with me?
Am I driven by the desire for vanity

Aggression in these words I speak
Circle of anger is now released
I cannot see what it means
Cos I'm enslaved by my own will

Blackheart!
I'll become blackheart!
Blackheart!

The pride is controlling me
Corrupting me
Abusing me
Feeding my mind with thoughts
That are not real
Now I cannot feel
When the darkness is closing in on me

Aggression in these words I speak
Circle of anger is now released
I cannot see what it means
Cos I'm enslaved by my own will

Blackheart!
I'll become blackheart!
Blackheart!
I'll become blackheart!

Aggression in these words I speak
Circle of anger is now released
I cannot see what it means
Cos I'm enslaved by my own will

Aggression in these words I speak
Circle of anger is now released
I cannot see what it means
Cos I'm enslaved by my own...
Enslaved by my own will

Blackheart!
I'll become blackheart!
Blackheart!
I'll become blackheart!
