Hey-Ho

Die Apokalyptischen Reiter

Hey-Ho let's go - this is my violent show Hey-Ho let's go - I give my fears a blow Should I wait? Should I suffer? It hurts way too long Cannot forgive you anymore The pain is slowly killing me. The glas is broken and I will fly Far, far away To a mountain you'll never know. I will be free. I spread my wings and breathe the air I will be free I get back to myself I will be free.
