

## To Live Is To Die

### Die Apokalyptischen Reiter

Hope is eternal, almost longer than torture (agony)  
Lost in destiny, last dance of the human (mankind)  
Destroyed what we loved, destroyed what delights us  
Had to stand 1.000 tortures when hate ate my heart.  
To live Is to die  
The last hope burned down to dust  
Out of sense, but without any fear  
Waitin' for the end now, on our way to downfall.  
Thoughts driftin' in the sea of passion  
I had read the book of life and it killed me.
