

Wish It Would Break

Dierks Bentley

That old picture frame keeps hangin' 'round
Cause' I ain't ready yet to take it down
But every now and then I'll slam the door
Shake it loose and she'll hit the floor
But I can't throw a good thing away
I wish it would break
I swear my trucks got a haunted radio
Cause' I hear you in every song
But I know what the silence makes
Me do
So I keep givin' those buttons more abuse
I wonder how much punchin' it can take
I wish it would break

Then I could move on right on
Down the line
Where I don't see you need you
In my life
But you're wrapped around me
Your memory's bound me like a chain
I wish it would break
And this old heart of mine's got a mind of its own
And it's decided not to let you go
Even though your love's no longer here
It won't let me shed one tear
Cause' it's still holdin' onto yesterday
I wish it would break

I wish it would break
I wish it would break
Go on and break
