

tesaguri de kuwae komu jiko giman
dogimagi minikuku nigai ? amai ?
wasureru na ima no me wo
The fate

Lost
The justice died just now
It killed
Rationality and arrogance
I am crushed

You can't speak the truth without crying
I dare you to just come out and spit it out
My beloved with a three bump belly

dare mo ga hoshii hazu no ' ai ' desu.
kanojo ha koshi wo oroshi toki ni kuwareru

I get ADDICTED
I'M DEAD

The SMELL, it SMELLS of saccharine

shakunetsu no mandara he chiri keri
ao ni agaru kuro kemuri modoritai? modorenai?

" If love is just something you get used to, then why be born a
t all ?"

The catastrophe
For whom do we kill ?
I'm killed again today by its twisted essence
I kiss the destruction type fly

itsu made mo, doko made mo waraigoe ga tomaranai
kowareru hitomi wo muite...
