

Planet of Love

Dixie Chicks

I've found a new planet
That only I can see
Just came back to get you
Let's leave this misery
Nothing can reach us
So far from harm's way
Only sunshine

We've got to get back there
And rainbows every day
Hurry up and get your things
The countdown has started
For what I'm thinkin' of
Go ahead, try on these wings
Don't need no spaceship
That I'd take you

Didn't I tell you
To the planet of love I got tired of losin'
But now I'm in control
So help me start packin'
We don't have far to go I found a new planet
Don't revolve around the sun
We'll make a new start there
The journey's just begun
Won't get into trouble
In our new world so far above

Didn't I tell you
That I'd take you
To the planet of love
Didn't I tell you
To the planet of love
That I'd take you
