Baby you know I don't pull out when we lovin'  
Touchin', kissin', and lickin'  
Always leavin' your panties or somethin' else  
In my crib or my whip, I'm shinin' with this gold grill

Damn that girl look good  
And every nigga in the squad gon' keep it 100

And when you put them slugs in, we even shine together  
And I love that and I think she knows that

But nobody handcuffin' baby, no doubt
