

# Can I Eat It?

DJ Quik

A ha ha you don't understand me goddammit (I don't wanna eat it)

A ha ha nah baby I aint wit' it (don't wanna eat it)  
I can't do nothing for you on that tip girl (I don't wanna eat it)  
So you can keep that salmon sandwhich to yo' self (don't wanna eat it)  
Well I kick it for my niggas...  
Peep

Getting right back back to the nigga named Q  
Telling my homies be careful o' the things that you do  
Cuz I went out, assed out  
I shoulda never tripped and put my lips in between hips  
But I used to eat that thang that didn't sit on a plate  
Didn't taste like stank I up and left about 8  
But I had to build her make for the fact that I was young  
I was showing to prove the hoochies I could work they pearl tounge  
But then game got kilt  
Cuz the girl kept pushin' my head all up under the quilt  
And I was like damn, you must be sick  
You mean you'd rather have a tongue  
instead of a pair o' nuts and a stick (You goddamn right)  
And every single night, I lick it till my tounge turn white  
I thought I was a freak till I heard my homies brag  
(Eating that coochie make you grow a mustache)Ya!  
So I took that advice and right before I hit it  
I took baby monkey lift it up and I bit it  
Yeah homeboy I had the coochie in check  
But then I got this real bad cramp in my neck  
Now my back got so'  
But this little ho kept a humping in my face like we was on the dance flo'  
But thats what I get for having Susie Q for dinner  
Got stuck in her creamy pink center  
Help me

(don't eat the coochie) You gotta hear me tho'  
(don't....eat the coochie)  
(don't....eat the coochie) A he he you think its a joke huh girl?  
(don't....eat the coochie)

Well my nigga, you ought to save yo' self some grief  
If it ain't worth havin' a little hair in ya' teeth (don't fuck with it!)  
Ya cuz you'll come up sho't  
With a full pair o' nuts and a lump in ya throat  
Cuz even though shes screamin  
She don't want ya semen  
She just want a tooounge to keep her ass creatin'  
But Im'a let her know baby doll I can't do it  
Not in here and fuck cuz all coochie got a taste to it  
See I don't know who been digging you out  
And licking ya down  
I aint the first girl so I can't clown  
But instead Im'a tell you how its done  
You gotta tell a ho 68 and I owe you 1  
Cuz if you don't then she'll play you like a sucka  
Have you lickin on a lollipop.....{dumb motherf.....}Ya  
But it aint no trippin on mine {Why is that?}  
Cuz tounge condoms are hard to find {Yeeeah}

And even if ya dicks protected  
You can still catch the high by doing a nose dive  
So be cautious and don't be anxious  
Even though you never could now you wanna catch ST-Statures  
(Now you wanna catch ST-Statures)  
But niggas still put they nuts in a frier  
Then they get burnt and they wanna fight fire with fire  
And then a bitch back  
But the song that don't bare back  
And please don't eat the coochie

(don't....eat the coochie) Yeah.  
(don't....eat the coochie) You better hear me baby.  
(don't....eat the coochie) I can't do it girl  
(don't....eat the coochie)

So now ya know  
Aint nothin' fly bout' the pearl tounge lickin'  
And be real safe with the girls your stickin'  
Cuz if ya' bare back way back in the day  
Then you could be on your wayyyy out! (On your wayyy out!)  
And it don't get no brighter  
When youre walking round with a tounge like a lighter  
Bic (Bic) flick sparkin' often  
Sittin in the middle o' the clinic coughin'  
Hurt by the die hard bare back feelin'  
They got shook like kids from a sinnin'  
Dwellin' all in your system  
Killin' ya slooow  
A real jackd up way to go  
So next time you get a fi-fi in ya bed  
Make sure you gots you a helmet for the head  
Have her wash up if the ho is a hoochie  
And keep your mouth away from that coochie

(don't....eat the coochie)  
You gotta hear me baby  
I'm tellin' you  
Do you feel me?  
You gotta hear me girl  
Nah I can't do it  
I can come close though  
I might lick ya bellybutton and shit  
And we up outta here

(Oh Yeah....Oh Yeah....Oh Yeah....Oh Yeah) (I don't want..I don't want to eat it) (I-I-I-I-I don't wanna eat it) (Don't Eat The Coochie)
