(We're runnin out of beedees) Now who gon do the honors I hit the liquor next to Benihana's
But on my way I met bitch as sqaure as a box
With a big ass booty and some goldie locks
And I aint gotta do much talkin' she wet
Because she seen me moving a '97 Corvette
The good thing is I never seen her around
So I took her to my spot to get down
Now AMG what you think about the bitch

She dance in the jet strip
Shakin the cock, 20 dollars a pop
Her nickname Babygirl, useta have a jheri curl
Now she got braids, ex-nigga paid
She useta roll a lexo now she got a pathfinder
Wear a rubber if ya get behind her
Cause my nigga told me she had the heebie geebies
Give her drank and dank she'll give a nigga freebies
