Shyheim Da Kid

Yo yo this Shyheim, and y'all can suck my DICK!

Son you owe me, fuck the dough I want it in blood

You was my homey, showed me nuttin but thug love

Put me on to the game, bought me my first chain

Let me ride shotgun, in your Benz and Range

I'm thinkin how this big nigga gon', go against the grain

Hit him up when it's foggy outside, about to rain  
It's about to rain teflon cop-killers  
But we ride teflon can't-stop-killers  
I thought you was fam 'til you switched the love  
Now you, rich and fuck, you forget the thug?  
Heard you on the radio, but I ain't get no plug  
And if you come around the way, I should get you stuck  
I wish you luck, I'ma make you kiss the gun  
And I ain't gon' stop until my justice done  
What you wanna be labelled as, a coward or a duck?  
What powder you cut, you wanted that building for what?  
When you rep that building, what you said for that building  
If it wasn't for me, you woulda been DEAD in that building  
You don't know what it feel like to say I own that building  
Get dough in that building, or control that building  
You don't know that feeling, you ain't condone that killing  
Cause when the cops came, you was like, "Shy in that building"  
I remember the days when you was shook in them buildings  
You in front of these buildings, frontin like you build them  
When Scrams was home, you was on his dick  
And you gave that bitch money cause you always been a trick  
You know Shy Da Kid, I'm back on the block  
Bought the crack in the spot, spit back in the block  
Fuckin clap at the cops, if I'm rappin or not  
Whatchu gon' do nigga? Shoot or get shot  
I'm hot on the block like new glocks out the box  
All y'all fulla dope, at the bow(?) .. what?

Talib Kweli

Yeah yeah.. yo

Kweli, I'm rock this body and so forth and so on  
You can get the dick, one to grow on or one to blow on  
Bet you Quik get his dough on, I spit kick the flow on  
Got swift shit I throw on, cause I'ma leave what I float on  
Plus I get my roll on like Baby and Mannie Fresh  
After I go on y'all niggaz'll never bust like tantric sex  
The universal nigga that represent the planet best  
How I manifest from Brooklyn to Los Angeles - people!  
We hold this down like wherever you're from  
Got my name all in your mouth like you pierced your tongue  
Pimped the game so hard we leave them whores numb  
The more I come, Kweli, I'm bout to blow like George Young  
I'm the Don Cheadle of rap, dope like arms and needles of crack  
My lyrics attack and arm the people like gats  
In Cali studios we rest the heat up on the console  
Peep Hollywood niggaz who think it's sweet like Comanco  
Claimin they gangster and street like they lookin for beef  
But with a gun in they teeth they just MC's lookin for beats  
Y'all don't want trouble, we pop bubbles and flex muscle  
Niggaz don't respect the lyrics, they respect your hustle  
The industry is like Kinko's, makin copies while you wait  
And the people always scream for NEW SHIT, like Clue tapes  
Y'all speed this in your face, slow down like Screw tape  
Cause as long as you rockin with Quik, nigga you straight
