

My Little Fantasy

DJ Rankin

I can see all the stars just shine on me,
When I dream my little fantasy
When I fly in the sky, with the birds so high
N it makes me feel like ecstasy,
Feels like ecstasy, in my fanstasy
Will this feeling last forever
When I dream my little fantasy...
(No, no, no)

Feels like ecstasy, in my fanstasy
Will this feeling last forever
When I dream my little fantasy...

I can see all the stars just shine on me,
When I dream my little fantasy
When I fly in the sky, with the birds so high
N it makes me feel like ecstasy,
Feels like ecstasy, in my fanstasy
Will this feeling last forever
When I dream my little fantasy...
