Touch of your skin
Blurring my vision
Seeing the same film again
Closer you pull me
Under the table
Sign of how this might end

But if you don't want to hold me Maybe I can change your mind Cause I'm waitin', hesitatin' And it's other ways to leave it But I've only asked for you As you move your body next to me There's so much more to lose

When you talk, talk
All you wanna do is talk, talk
All I wanted was, all I wanted was
All I wanted was your reckless heart

Tal-al-al-al-al...

Touch of your skin
Blurring my vision
Seeing the same film again
Closer you pull me
Under the table
Sign of how this might end

But if you don't want to hold me Maybe I can change your mind Cause I'm waitin', hesitatin' And it's other ways to leave it But I've only asked for you As you move your body next to me There's so much more to lose

When you talk, talk
All you wanna do is talk, talk
All I wanted was, all I wanted was
All I wanted was your reckless heart

Tal-al-al-al-al...

When you talk, talk
All you wanna do is talk, talk
All I wanted was, all I wanted was
All I wanted was your reckless heart

Talk, talk
Talk, talk
Talk, talk
Talk, talk
