

# Cannonball

## Dog Eat Dog

seperate but one  
is how we exist  
like fingers and thumbs  
together a fist  
ready to strike  
in daylight or night  
for our right to party  
we gonna fight  
we want to play  
so get in the way  
you'll be destroyed  
it's your hell to pay

cannonball - gonna tell you who you are messin' with  
cannonball - original skate party clique  
cannonball - blowing spots like a terrorists  
cannonball

rolling together  
watch out you better  
protect your home  
defend your scene  
mess with the dogs  
you get the teeth  
new jack vikings  
the hijacking team

cannonball - now I'll tell you who you are messin' with  
cannonball - original skate party clique  
cannonball - blowing spots like a terrorists  
cannonball - we be the skate punk anarchists

fired at you like a cannonball  
we're a wild tribe filled by alcohol  
go of the roof with a cannonball  
emptying your pools  
we gonna skate the walls  
oh oh oh cannonball

we came, we saw - conquered it all  
broke down the walls go cannonball
