

Showtime

Dog Eat Dog

what get's you going? What get's you hot?
What drives you crazy? So you can't stop
are you that person? Are you too shy?
I can see the answer, it's in your eye
right backstage we crawl and creep like we're
zombies that can't sleep roll them bones
in king size sheets smoke and toké until
eyes bleed you been waiting all this time
just to be the first in line now we want to
see you fly come on everybody

it's showtime!
come on get down with the sound
we're spinning you round and around c'mon
showtime - doing it every day let me hear
you holler now, we want more yeah!

sound is pumping, amps on 10
crowd is thumping adrenaline
the roofs on fire, beers on ice
the boys in baggies
the girls in tights
rock'n'roll, hip hop and funk
r'n'b, hardcore and punk
doesn't matter if you're drunk
straight or sober smoking blunts
people screaming in your face
blow the roof right off this place
all you need is just a taste
everybody here we go!

showtime! come on get down with the sound
we're spinning you round and around
showtime - yeah get out on the floor
let me hear you holler now we want more!

showtime!
come on get down with the sound
live in the underground
showtime - doing it everyday
and let me hear you holler now we want more!
yeah!

So people do you really want it?
tell me - we want more!
everybody, every time - one more time
we want more!

Make me believe you, keep it sexy
we want more!

feels good - I think I'm gonna
yeah, yeah, yeah, yeah!
