

# Burning Red

Domain

I've been pushed - I've been used  
Can't help drowning and feeling confused

Lose my head - lose my mind  
I'm losing myself from being too kind

Who has the right to control what I should dream  
I'm standing proud - do you know what that means

I have the right to believe in this dream  
This is my own life - this is my own feel

Can't understand why my anger is making me free  
Can't understand why there's no other way there for me  
Can't understand why the pain deep inside's leading me  
Can't understand why there's no other way there for me

Burning red - my life's been wasted so long  
Burning red - now is the time for me  
Burning red - I have been waiting so long  
Burning red - no hell I'd rather be

Close my eyes - close my brain  
Hope that I won't be dreaming in vain

Touch my heart - touch my soul  
I'm shaking loose - burning out of control

Who has the right to control what I should dream  
I'm standing proud - do you know what that means

I have the right to believe in this dream  
This is my own life - this is my own feel

Can't understand why my anger is making me free  
Can't understand why there's no other way there for me  
Can't understand why the pain deep inside's leading me  
Can't understand why there's no other way there for me

Burning red - my life's been wasted so long  
Burning red - now is the time for me  
Burning red - I have been waiting so long  
Burning red - no hell I'd rather be
