

You think you're oh so clever  
You think you're oh so cool  
You made it now forever  
Don't take me for a fool

Your life at all is wasted  
Your heart is made of stone  
You've never ever tasted  
The spirit of the sun

You think no one can trust me  
I won't grow up at all  
I'm for real - believe me  
Will rise and you will fall

Here I go - watch out  
Here I come - on a warpath  
Here I go - watch out  
Here I come

You're trapped inside a prison  
You're locked inside a cell  
Still you don't see you're living  
A life in a private hell

Shake free these chains of boredom  
Shake free what keeps you blind  
Right here and right now is the  
Time to stand up and fight

You think no one can trust me  
I won't grow up at all  
I'm for real - believe me  
Will rise and you will fall

Here I go - watch out  
Here I come - on a warpath  
Here I go - watch out  
Here I come

All guns blazing - firing up
