

# Love Me

Don McLean

Love me, oh love me  
Love me like nobody else can do  
Need me  
And just let me go one needing you

Well if you want to try to make me over  
And there's something else that fits your plan  
It's alright if you would only tell me  
What it's going to take to be your man

Love me, oh love me  
Love me like nobody else can do  
Need me  
And just let me go one needing you

If you ever say you're going to leave me  
Lord I don't know what on earth I'll do  
I could never face a new tomorrow  
If I had to face it without you

Love me, oh love me  
Love me like nobody else can do  
Need me  
And just let me go one needing you

And just let me go on needing you.
