

Yearnin'

Donell Jones

(Chorus)

Baby, I'm yearnin' for your love

Baby, I'm yearnin'

And my heart is thinking lust

So just keep it coming

Baby, I'm yearnin' for your love

Baby, I'm yearnin'

And my heart is thinking lust

So just keep it coming

(Verse 1)

I don't want to play around

Come and get some of my love

You'll feel the bomb when I explode

So give me your love and let me lose control

Ain't no humpin' round like Bobby Brown

See I come smooth with a mellow groove to soothe

And I can't be wasting your time

'Cause straight up, I gotta go for mine

(Chorus)

(Verse 2)

Now that I got you in the mood

Don't you turn away

'Cause I got lots of love in store

Just what you need and so much more

My mission is to please you

So let's do what we're here to do

I need some sexual healing like Marvin Gaye

All night loving till the break of day

(Chorus)

(Bridge)

Keep the lovin' coming till the break of day

I'm yearnin' for your love

Yearnin', yearnin' for your love

Keep the lovin' coming till the break of day

I'm yearnin' for your love

Yearnin', yearnin' for your love

(Chorus)
