## A Million To One

**Donny Osmond** 

A million to one That's what our folks think about this love of ours A million to one They say that our love will fade like yesterdays flowers They're betting everything that our love wont survive They're hoping in time well forget Each others lies.

A million to one They feel were too young to know the meaning of love A million to one That they've forgotten the dreams that were dreaming of But well forgive them because we love them After all is said and done Dear one, in a million, a million to one

After all is said and done Dear one, in a million, a million to one.
