

Choose Choose your side Spit on mine Intolerance is
bliss

Narrow mind You decide So cross me off your list
Now teach me How to be so small but condescending Yeah,
tell me What to be, c'mon, c'mon

I don't know what i want But i know what i don't I
don't want you, don't want you around Don't you mess
with my life Just cause your life's a mess I don't want
you, i don't want you around, yeah

Count Count me out Write me off Thanks for the black
eye

(Take it out on me) Shoot me down (Take it out on me)
Get it on You gotta bleed me dry

Now teach me How to be so spoilt, so full of envy Yeah,
tell me What to be, c'mon, c'mon...

I don't know what i want But i know what i don't I
don't want you, don't want you around Don't you mess
with my life Just cause your life's a mess I don't want
you, i don't want you around

Don't tell me That you see a damn thing from where
you're standing Don't tell me Leave me be, c'mon,
c'mon...

I don't know what i want But i know what i don't I
don't want you, don't want you around Why don't you
just lie low And take your time to grow? Here's all you
need to know - it's only rock'n'roll
