

# I Know We Won

The Doobie Brothers

There's a blackbird sitting in the old oak tree  
Right there on the branch where we used to be  
We'd climb so high and watch the clouds roll by  
You and I

I shared this dream with my best friend  
Those summer days we thought they'd never end  
Like a river flowing round the bend  
Carrying us away

When hearts are young they sometimes break  
But heal with every breath they take  
And if life was just a game we played  
I know, I know we won

And if I'm lying I'm dying  
Cause I still feel the same old way  
The longer I'm with you the more I want to stay

And if life was just a game we played  
I know we won  
After all is said and done  
I know we won

When hearts are young they sometimes break  
But heal with every breath they take  
And if life was just a game we played  
I know, I know we won

I know, I know we won
