No Stoppin' Us Now

The Doobie Brothers

Every time when I think I'm closer To what I need most Here I am standing in line Will it be worth the waiting

Had enough of hard times
I can't stand no more
Layin' down a new line
Now I know for sure
Every heartbreak made me that much stronger
Good things take that long

Had enough of hard times
There's no stopping us now
Had enough of hard times
There's no stopping us now
I know I was born to love you
So glad it's you

Got a new rhyme
Here's another rhythm got me steppin' in time
Sittin' with your head on my shoulder
Right where you belong
