

Crazy

Dope

Are you looking
Are you laughing at me
Are you reminiscing
Do you remember me

Try how I try to keep it inside
Crazy

You wouldn't talk to me
You shut the door on me
You left me there standing
Do you remember me

Try how I try to keep it inside
Crazy
I'm not going crazy

Show me I don't see
Help me cause I can't breath
Drowning I'm in too deep
Help me I know that

I'm not going crazy

Are you rejoicing about my decease
Is he looking does he look like me
No

I'm not going crazy
