

# Colour Me

Dot Allison

Now I'm sliding  
It's intriguing  
So young yet  
Too old to learn

That summer is the thirst  
The river always runs dry first

You're in heaven  
This is heaven now  
You're in heaven

You're in heaven  
This is heaven now  
You're in heaven

As the tides they  
Draw and close  
And the seasons  
Turn again

Will the moon still  
Wax and wane?  
Will you always  
Color the day?

You're in heaven  
This is heaven now  
You're in heaven

You're in heaven  
This is heaven now  
You're in heaven

Now I'm sliding  
It's intriguing  
This is heaven now)  
So young yet  
Too old to learn

You're in heaven  
This is heaven now
