

Thank You

Down Low

Let me thank You for this holy night,
A child was born to be our guiding light.
Thank You for the blessings that You gave to us
Thank You for sending Your Son, Jesus...

Let me thank You for this holy night,
A child was born to be our guiding light
Thank You for the blessings that You gave to us
Thank You for sending Your Son, Jesus...

Lord, I can't say it like the way that I feel,
You've been here for me, and faith keep us sealed.
Trials and tribulations that I have on this land.
One day in judgement before You I stand.
Judge me not for sins that I committed in the flesh,
Strengthen my soul dear Lord and push us farther on the quest.
Without You I stand forever lost.
Thank You Lord for dying for me, at the cross.
Cause You opened up the door, for generations more,
You are the source of light, You are the core.
You made the rules so simple indeed:
Just say yes to You and I shall receive.
And any man out there, who in Him have faith,
Shall walk inside of these heavenly gates.
When the time comes, Lord forgive me of my dues,
Renew my soul and on my knees I say "Thank You".

Let me thank You for this holy night,
A child was born to be our guiding light.
Thank You for the blessings that You gave to us
Thank You for sending Your Son, Jesus...

Let me thank You for this holy night,
A child was born to be our guiding light.
Thank You for the blessings that You gave to us
Thank You for sending Your Son, Jesus...

Lord, can You hear me? I've sinned...
Lord, can You hear me? I've sinned...
Lord, can You hear me? I've sinned...
Lord, can You hear me?

Lord, let this testimony of mine
Stay bonded with time and still on the line,
That I did my best to be well defined,
So millions of people feel the power of a mind
All Your blessings You bestowed on me,
Has lifted me up and set me free.
This praises to You I'll forever give,
Knowing one day with You I'll live.

Heavenly father, my Lord up above,
So great in Your glory and Your love
In a world full of hatred, violence and pain,
You sent this child of joy to bring us love again.

Let me thank You for this only night,

A child was born to be our guiding light.
Thank You for the blessings that You gave to us
Thank You for sending Your Son, Jesus...
