

Valley of Shadows

Doyle

She dances with the Lord of Flies and the King of Rats calls her queen
The birthmark on her inner thigh looks a little too much like a goat to me
And I'm forbidden to speak the names that she calls out in her sleep
But one thing that she doesn't know is that I'm gonna take her down with me to

Swing from the gallows that hang in the Valley of Shadows
You're already on your way now forever you will
Swing from the gallows that hang in the Valley of Shadows
You're already on your way now forever you will sway

I'm the body of death and all who feast on me will know pain eternally
I've got a poison tongue and man it likes to sing about all the horrors that I bring
And if you want to find a road to the valley where the shadows fall
Well just remember that the first thing you see there might be the last that you see at all

Swing from the gallows that hang in the Valley of Shadows
You're already on your way now forever you will
Swing from the gallows that hang in the Valley of Shadows
You're already on your way now forever you will sway

Take me away from the world of light
I've got the path through the Valley of Shadows in sight
Take me away from the world of light
I've got the path through the Valley of Shadows in sight

Swing from the gallows that hang in the Valley of Shadows
You're already on your way now forever you will
Swing from the gallows that hang in the Valley of Shadows
You're already on your way now forever you will sway
