

Oh No

Dr. Dog

If you're dead make a sound
i can put my ear to the ground
and sing a long now
sing a long now

we were peas in a pod
gotta thank almighty god
that we're together
we're together

oh no...
oh no...

fell a glance in the air
you can see what's way up there
in the stars now
in the stars now

there's no reason or rhyme
that can keep up with the time
so run along now
run along now

oh no...
oh no...
oh no...

heartbreak it looks like a snake in the grass

oh no la la la la la
oh no

sweet dreams falling asleep at the wheel again

la la la la la oh no

oh no alright come on

ba da da da da da
ba da da da da da

yeah
yeah
