

# Sensuality

Drafi Deutscher

I see your eyes and I feel a lot of sensuality

Your deep blue eyes give me such a kind of filling ecstasy.  
So I lay me down on a blanket made of purple phantasy

You've touched me by your heart  
you did it from the start

And all because of sensuality.

How dreary was my life before your time !  
A time of dissipation  
I lived apart from life's reality.  
But now you're here  
I feel the good vibration

It's more than physical on top of sensuality.

I  
I can see  
every move you make is sensuality

Why is it me you are giving all your love and sympathy?  
Time  
all the time  
I will be with you until eternity

I feel your energy just deep inside of me  
your energy of sensuality.
