

Through Elven Woods and Dwarven Mines

Dragonland

Music Magnusson, Holmild Lyrics: Heidgert
Assembling our forces in our way to the plains
From the Mithril mountains dwarves join us from their mines
Through dwarven mines I lead an invincible army
Across Dragonland our warcries will be heard
As we journey inward heading for the home of the elves
A forest of magic a place of tranquil glades
Through elven woods nothing can stop us now
Across Dragonland we shall carry on
Axe wielding berserkers, the dwarves' might will serve the light
Arrowpoints of Mithril, elven scouts always hitting their prey
Axe wielding berserkers, the dwarves' might will serve the light
Arrowpoints of Mithril, elven scouts always hitting their prey
My knights, my dwarves, my elves will fight for our dream
The one, the twisted evil one will now be brought down to his knees
Assembled our forces, now we ride to the plains
With power and with magic there is no way we can fail
Through dwarven mines I lead an invincible army
Across Dragonland our warcries will be heard
