

# The Devil

## Dragonsfire

I'm the ruler of hell, that's what I am  
I put some evil in your mind, take away all faith from men  
I am hate and evil, I'm the greed and the lies you tell

Praise me, obey me, I'm in command  
Love me and hate me until the end

I am the fallen angel, you know my name  
Lead you into temptation, and play my game  
In hell I reign with anger, no one can hide  
Before I take your soul I'll take your life

I'm the devil, lord of evil  
You know it's true  
I'm the devil, fear and madness  
Inside of you

Praise me, obey me, I'm in command  
Love me and hate me, until the end

Don't think you're safe from me;  
You too could do my deeds  
I take the men of god and exploit them for my needs  
There shall be no more heaven, living in agony  
Your soul is humiliated, I set my servants free

I'm the devil, lord of evil  
You know it's true  
I'm the devil, fear and madness  
Inside of you

I, I am the devil, I, the lord of evil  
Praise me, obey me  
I, I am the devil, you know it's true
