

Cameras / Good Ones Go Interlude

Drake

Oh yeah

Summer's mine

I swear I said about a hundred times, I'm gonna need it back

I wish that you would come and find me

Just to tell me that I haven't changed, girl I needed that from
you

I'm getting money just taking care of me, girl

I'm spending time just taking care of me right now

I'm getting money just taking care of me, girl

Cause you'd be tired of taking care of me by now

But the good ones go

The good ones go, if you wait too long

But the good ones go

The good ones go, if you wait too long

So you should go

You should go, before you stay too long

Don't you go getting married, don't you go get engaged

I know you're getting older, don't have no time to waste

I shouldn't be much longer but you shouldn't have to wait

Can't lose you, can't help it, I'm so sorry, I'm so selfish

Uh, uh, I've been chilling in the city where the money's thrown
high and the girls get down

In case you're starting to wonder why my new shit's sounding so
H-town

But when it's all done, baby, I'm yours if you're still around

She knows, she knows, she knows
