

The Violet Flame Forever

Dreamscape

Moving on
Faces in the distance
Change will come
Hear it whisper

Waiting for the gifts
Healing your defenses
Study on...
And catch the wisdom

More than light
More than sight
Cause we're the violet flame forever
Filled with freedom, bliss and hope for more

Moving on
Try to remember
Who you are and
Why you're here

Leaving older habits
Friends will realize
And will be asking
For advice

More than light
More than sight
Cause we're the violet flame forever
Blistering with hope that we are

More than light
More than sight
Cause we're the violet flame forever
Filled with freedom, bliss and hope for more

"There is a lighter way
To reach your dreams
And find again that there's no sight
Light has no majesty
You hold it in your hands
Now start to live your life"

Now you made the choice
To follow your belief
It is a timeless deed
You notice your inner voice

More than light
More than sight
Cause we're the violet flame forever
Blistering with hope that we are

More than light
More than sight
Cause we're the violet flame forever
Filled with freedom, bliss and hope for more

You are the violet flame
Always try to find the way to
Your higher self
